DATE

Dear Landowner:

The New Year is here, and that means we are setting up our stewardship calendar for our conservation easements. As you know, regular site visits are a part of the commitment we made to help with protecting your land.

To uphold our end of this agreement, we would like to visit with you at your NAME property this winter or spring, walk (and drive where allowable), take a few photographs and notes, and talk with you about future plans and present concerns.

One of us will be contacting you soon to set up the appointment. Weekdays work the best for us, but we know that you may have work or family obligations that will require a weekend visit. Although you do not have to be there during our visit, we enjoy every opportunity to visit with you and get caught up on your family.

We are privileged to be your partners in conservation and are pleased that our relationship with you extends beyond an annual site visit. Thank you, once again, for your stewardship of your land. We greatly appreciate your contribution and leadership, and are happy to say we have now protected over ## acres in Tennessee.

Please feel free to call us with questions and concerns. We look forward to seeing you soon.

Sincerely,

Director of Land Protection
